RISK MANAGEMENT POLICY

Policy Statement

The Management Team has ultimate responsibility for safeguarding the organisation and its personnel, ensuring that adequate risk management processes are in place. Risk management processes will be designed to prevent injury or harm to individuals, to protect the assets and interests of the organisation and to limit the impact of any unavoidable risk.

Risk management should be embedded within all important organisational plans, as part of the ongoing risk management review, all organisational plans such as strategic plans, business plans, change management plans and policy planning should be reviewed to ensure they include risk management as an integral component

The Management Team will ensure that adequate resources are made available within the budget to implement all risk management processes.

The Boards and Management Team delegate the monitoring and reporting of risk management to the Risk Management Sub-Committee.

The Chief Executive Officer/Risk Committee will be responsible for the day to day implementation of risk management procedures and for ensuring that all staff are aware of these procedures.
